8. Payments: If the buyer, having put a deposit on a cat/kitten, should later change their mind about the purchase, the deposit will not be refunded. The buyer will have the option of purchasing a kitten at a later time where the deposit will be applied.

Upon its return, it will be replaced with another cat/kitten; if one is not available the purchase price will be refunded. This cat/kitten is guaranteed against congenital defects for two years. Should it die within 2 years, from the day it was purchase, as the result of a congenital defect, the cat will be replaced only if an appropriate autopsy is preformed and a vet's certificate is provided as proof of cause of death. A placement will be made of comparable quality and value, as available, at the discretion of the breeder. The breeder is not responsible for cats lost or stolen after acceptance by the airline carrier. It is the responsibility of the purchaser to file a claim in the event of loss, injury or death of the cat/kitten.

Please note: It is understood that the degree of hairlessness of the Sphynx varies from cat to cat and sometimes from season to season. No Sphynx is truly completely hairless. Hormones, food, temperature and genetics play an important roll in degree of hairlessness and even though a kitten may be almost hairless when it is sold it is possible that it may develop some hair as it grows older. It is impossible to guarantee that any Sphynx cat/kitten will not grow patches of hair at some point in time.
